

SECTION: Compliance and Regulatory

EFFECTIVE DATE 7/28/2023

SUBJECT: Biodiversity

SUPERSEDES: New

SCOPE: Global

PURPOSE

The primary purposes of this policy are to maintain Ball’s commitment to biodiversity and ecosystem services and to work to ensure, where possible, that our actions on the assets we own or manage do not have a detrimental impact on the natural environment. Another objective of this policy is to ensure that safe-guards for biodiversity and ecosystem services are respected within our supply-chain. This applies to biodiversity-related requirements for Aluminum Stewardship Initiative (ASI) certification of Ball’s aluminum suppliers.

SCOPE/APPLICABILITY

This Biodiversity Policy applies to Ball Corporation, its divisions, operations, subsidiaries, or greater than 50 percent owned joint ventures (“Ball”).

REQUIREMENTS AND RESPONSIBILITIES

Where possible, Ball will strive to:

- (i) Conduct annual site-level biodiversity assessments and follow guidance for action plans to remediate any areas of concern.
- (ii) Protect and enhance the quality and extent of the natural environment in the assets we own, lease or manage.
- (iii) Support the conservation of forests, hedgerows, ponds, streams, seas, oceans, coastal habitats and other aspects of the natural environment.
- (iv) Manage our assets and those adjacent (to the extent possible), such as public rights of way, coastal areas, play areas, playing fields and verges, in a manner that protects and increases biodiversity.
- (v) Introduce environmental growth opportunities and activities wherever possible relating to Ball assets.
